### WHY COACHING IS MUST FOR NDA WRITTEN EXAMINATION:

As per the statistics just 0.1% of the appearing candidates make it to the ACADEMY. Written examination will be normally cleared by just 1% of the appearing Cadet, the rest fades in SSB.

Cracking any kind of written entrance examination is based on a two tier Approach :-

1. Academic
2. Strategic

For NDA “**Mathematics and English must be strong enough to crack the NDA Entrance Exam.** This simply means that one has to strengthen these two subjects to attain the win-win situation in the written NDA exam.

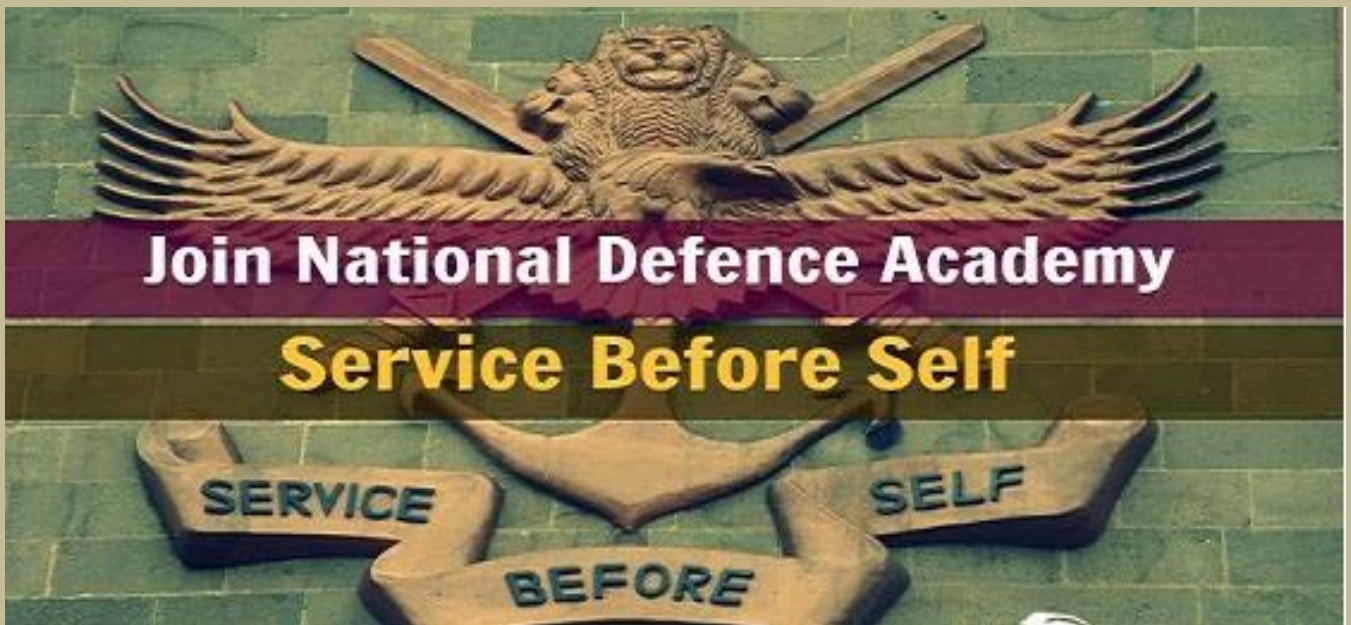

## **NON- MEDICAL STUDENTS HAVE MORE ADVANTAGE TO CRACK..... NDA WRITTEN EXAMS**

---

Candidates with physics and mathematics subjects are preferred for NDA. If a candidate aspires to be an army officer from early age, he should start working hard from class X to make sure that he can opt for non-medical stream in higher classes. However, students from humanity background should not get disheartened as they can also appear in the National Defence Academy examination. The humanity students will have to work harder so that they can compete with their science counter parts. In our NDA coaching classes,

We provide six months, one year and two years integrated courses for NDA coaching and one year & two year Classroom Contact Programme for IIT-JEE | NDA | NA
